ABOUT THE PROJECT

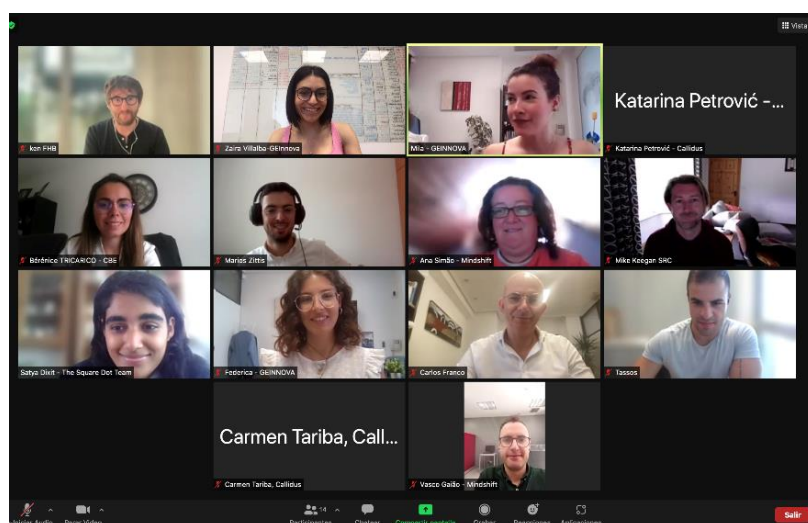

The aim of the project is to develop and introduce a hybrid learning approach that build the entrepreneurial, digital and green skills of VET educators and learners.

Partners will develop a Train-the-Trainer programme that will enhance knowledge of VET Professionals in terms of building an entrepreneurial spirit within the VET learner target group as well as developing an understanding of the key principles of circularity in an economic context.

CIRCULO will also enhance the coaching and mentoring skills of VET professionals so that they support young people and VET learners to reach their future potential.

ONLINE KICK-OFF MEETING

Our first meeting was held online on May 30th, 2022. The meeting was hosted by Gestión Estratégica e Innovación SL, Spanish partner in the project. The meeting started with welcoming and presentation of partners. All partners presented their organizations, and the coordinator presented the project development plan including deadlines of tasks and division of work between the partners. Partners have agreed to all the upcoming activities and events.
