Inclusion and Digital Empowerment through Circular Economy

## Kick off of the “Second hand Laptops Donation Campaign”

circular economy to infinity

- Combatting waste,
- Protecting our planet,
- Reducing the digital divide,
- Giving access to online jobs opportunities,
- Empowering vulnerable community members.

Those are some of the benefit that the INCLUDE-CE second hand laptops donation Campaign will favor.

Until the month of August 2024, the partners working on the project will accept your second hand digital devices still in good conditions.

### WHY YOU SHOULD DONATE?

All the devices collected will be used to train up to 50 youths from disadvantage background. After the training, they will keep the devise used during the training.

Inclusion and Empowerment through Circular Economy

INCLUDE-CE

We need your support !  
We are collecting laptops in good condition to assist young migrants men and women to upskill their digital needs.  
At the end of the training, the donated computers will be given to the beneficiaries, contributing to the circular economy philosophy.

By giving away your no longer needed computer, laptop, tablet or smart phone, you adhere to the philosophy of the circular economy which is to reuse and recycle as much as possible. In addition, you support community empowerment!!!

**PREPARATION OF THE DIGITAL LITERACY AND THE ACTIVE JOB SEARCH TRAINING COURSES MODULES**

The Project has entered month 11 and the partners met to plan the two main important project outputs, apart from the laptops donation. The meeting was about the preparation of the modules of the two training courses that will be delivered to the beneficiaries of the project.

Project partners during the 2nd transnational online meeting, 16th November 2023

**HOW THE DEVICES DONATED WILL BE USED**

Young migrants and marginalized young committed beneficiaries will entered a month training course covering modules such as:

- Introduction to circular economy and understanding device value,
- Personal computer basics
- Software and Windows environment
- How to define my professional objective
- How to create a profile on the main online job search platforms.
