PROJECT MEETINGS

Our productive project meetings were held on 24th of May 2023 and 8th of November 2023.

During the initial meeting, partners introduced their organizations, and the coordinator outlined the project development plan, assigning tasks and setting deadlines. In the second meeting, the project's progress was reviewed, leading to unanimous agreement among partners on upcoming activities and events.

UP NEXT...

Next on our agenda is the implementation of surveys targeting VET professionals, gathering valuable insights to enhance our project.

Additionally, we are gearing up for the creation of interactive infographics to visually represent key project information and engage our stakeholders effectively.

Thank you for your interest in the LOTUS Project.

Stay tuned for more updates and achievements as we work together to shape the future of vocational education!
