

Transversal Model for Migrants

# TRANSVERSAL MODEL FOR MIGRANTS PROJECT NEWSLETTER 2 – DESK REPORT NOW AVAILABLE

The project “Transversal Model for Migrants” is achieving its first results and outputs. With the objective of empowering teachers, trainers and counsellors to facilitate and empower migrants with skills in order to promote higher job position or economic and social integration within Europe, from September 2018 to August 2020 the project partners have disclosed a **Desk Report on the topic of the project**:

Coordinated by the **Bulgarian Partner (BFE)**, this desk report elaborated with the joint efforts of experts from France, Greece, Cyprus, Portugal, Bulgaria, Spain and Turkey demonstrates a **current picture of the situation of migrants across the involved countries related to integration, educational and training possibilities, employment, etc.** The partners have also explored the opinions of representatives of both target groups – the professionals working with migrants and the migrants themselves in order to identify which are the main challenges migrants face, in what kind of support, advice and help they need in their countries, in particular in order to achieve better career development.
